DARC PROGRAM

"POST ENIGMA!" I finished reading "Code Girl's" a book about the 15,000 lady volunteers who served in the Army, Navy and as civilians about their code breaking of the German and Japanese code systems during WWII. It was quite awhile ago I gave my presentation at the Drumlins meeting. For SIARC this month I did a presentation on the Enigma as well. But the time in between the two club presentations I have added to my research some interesting facts which will interest you. I mean, it even surprised me! Really. So come and see! (I'll try to not talk too long. Hi hi.)

KB2NCI SIARC "HEALTH and WELFARE" NET

Believe it or not, but KB2NCI, Tom, is still NCS for the weekday nights health and welfare nets at 8:00PM (2000hrs), on the 146.820 repeater (110.9 input). Only the SIARC meeting night the second Wednesday is the exception. Tom will ask for Ontario County areas first and then ask for checkins outside of Ontario County. Last time I checked in Tom was past 420 nets. "FB," Tom!

FINAL HAPPY NOTE

"Veterans Day support all round today...persons, stores, restaurants & all...but this one...Texas Roadhouse with their free meal voucher and a very special note from one of their young customers hits the heart...Caitlyn, whoever you may be, many thanks for taking the time to color and write this super message!" Thanks to my best friend and classmate of Pal-Mac Class of 1964 who lives in Maryland, was ASA in Sinop Turkey, Vint Hill Farm VA and retired from NSA. Roger had this on his table at the roadhouse and I copies it from his Facebook page. Out of the mouth of kids.

BE SAFE! HAVE FUN! BE GRATEFUL!, especially at this time of Thanksgiving.

This guy, "the chef" you see pictured, we are very thankful for modern medical advances and the pace maker that was installed keeping him alive!

(I know, Rich will not say a thing for himself. So this guy is saying it for him, whether he likes it or not. He can kick me in the shin later even if he did scare the heck out of this editor. Whew!)

At exactly 11:11 a.m. every Veteran's Day (Nov. 11), the sun aligns perfectly with the Anthem Veteran's Memorial in Arizona to shine through the ellipses of the five marble pillars representing each branch of the Armed Forces, illuminating The Great Seal of the United States. 🇺🇸🇺🇸🇺🇸

(Can you tell I've been having fun with this month's newsletter? Hi hi.)
